CMS Websites

SNT Infotech Pvt Ltd is a ISO Certified Web Service Company, offering a wide range of services which range from designing and development, that is covering almost all the fields in the best possible way. To be the best we know what and how to present beautifully the working of the client's need and their advantages be highlighted. We act in accordance with the Industry certified processes to deliver the best to our clients all over the world. Over years we have built a strong reputation in providing website design and web development services.

We are NCR based Web Designing and Development Company Dedicated to provide Web Based Solutions to small and large sized businesses and to wide variety of clients across India, US, UK Australia, Canada and other part of the world.

Promise, Process and Performance Constitute Our Holy Trinity.

Promise

SNT Infotech Pvt Ltd promise is to listen to its clients, understand their business and create designs that reflect this understanding. We adhere strictly to our client's budgets and timelines when suggesting option. This innate perception of clients need allow us to provide true customized solution to our clients.

Process

SNT Infotech Pvt Ltd process consists of listening intently to client concepts, concerns, constraints and cautions. We ensure that we gather all critical information so that we can plan effectively before suggesting solution. SNT Infotech Pvt Ltd views itself as an enabler and medium through which our clients reach out and engage with their end customer.

Performance

SNT Infotech Pvt Ltd believes thoroughly in the old cliché - The proof of the pudding is in the eating. The SNT team works diligently to turn our designs into visual experiences. It becomes our obsession to ensure that clients reap the maximum benefits and ROI from their investment. We assure that our commitment and their expectations are never compromised.

Services:

Designing & Development

Small business? Start up business?

Then you need a simple, straightforward website that will get you the online presence you need to get your business moving, without too much of an investment.

Corporate Video Presentation

Our Professionals are experts in Corporate Video Presentation service. Do you want to promote your company & product to attract more customers and increase your sale? We are providing services to run, maintain, manage recording, editing, dubbing studios and film studios. Our professional team is capable of giving a universal presentation for your products.

Customer Relationship Management

CRM - Customer Relationship Management to strengthen small, medium and large sized business.

CRM from SNT Infotech accelerate the growth of clients by delivering cost-effective improvements in sales and customer service.

E-Commerce Applications

Want to sell online?

Then you need an e-commerce website.

Showcase your product range and then call your customers to 'add to basket', review their purchase and then make their payment.

Search Engine Optimisation

When you are searching for something on the internet, which results do you click on first?

Guaranteed in the majority of cases it's the ones that are not 'sponsored listings'. And how far into the results are you prepared to go before you try a different search term?

That's why your website needs to appear at the top of the natural listings and that's why your website needs to be.....

Database analysis and design

Database Systems equal Streamlined Business Processes

Manually processing customer transactions and physically handling marketing initiatives is painstakingly time consuming.

Trying to keep a website up to date when you have to rely on someone else to do

Hosting & Domain Names

Considering registering a domain name or choosing a web hosting package? There is much to think about.

Expert advice when choosing a domain name is vital, as is helpful guidance when choosing a web hosting package.

Making the right decisions at the outset will ensure your website has the best chance of success in the long term.

Content Management Systems

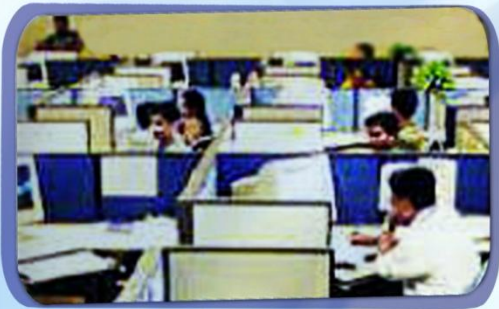

Want to instantly update your website content?

Add new information, keep prices and product ranges up to date and promote special offers?

Report latest news and publish new images and videos as and when you please? If you want to be in full control of your website then you need a content management system (CMS).

100+ Man Power

Our state-of-the-art workshop has world class artisans and is the sanctum where our designs come to life. With some of the best infrastructure in the industry, it gives us the capability to meet the requirements of even the most demanding customers.
